DEFENSE TAKEN UP IN YAUGER ROBBERY

John Abrams, One of the
Defendants, Went
on Stand.

HE WAS AT HOME ALL NIGHT

Of the Yauger Robbery in Company
With John Stanley, He Swears—Ad-
mits Two Had Been Drinking in
Connellville.

UNIONTOWN, March 17.—Interest was centered this morning in the Yauger robbery trial when the Commonwealth after examining a few witnesses for minor details rested its case and the defense opened. Attorney D. W. McDonald outlined the defense's case. He said up to the present time the testimony and the impression was strongly against his clients, but the testimony that would be offered would prove very clearly the actions of the defendants on the night of the robbery and would clear them. He recalled the serious nature of the crime and said that it would bring the criminal to a felon's cell. He said that the witnesses for the defense would tell a clear story and that a verdict of not guilty would be asked.

John Abrams, one of the defendants, was then called to the stand and he gave a cool clear account of the actions of Stanley on the night of the robbery, and it was little shaken on cross-examination, although his past character was brought out in a vivid style and showed that he had been in serious trouble before. Abrams said that he was 38 years old and was married 14 years ago. About 12 years ago his wife left him. He lived alone near the Yaugers and had lived there for many years. On the day of the robbery he and John Stanley drank together in Connellville and went home about 9:30 in the evening. They took with them a bottle of whiskey. They arrived at Stanley's house about 10:30 o'clock and went to bed. Abrams said that he was awakened by Stanley about 11:30 o'clock and went to the door. Upon arriving there Stanley wanted something to eat and they went out in the yard to chop some kindling wood. They built a fire and stood around for possibly fifteen or twenty minutes, then both retired to bed.

Sometime after this, witnesses did not know how long, he was suddenly awakened by Stanley firing three shots over his head at the window. He cried, "John what do you mean?" Stanley said that some one had been trying to get in. They made an investigation. Abrams said he saw a tall stranger pass along the road in front of the gate. Stanley went over to the Matthews house and then went to Yaugers and continued his search for the stranger, but he had disappeared. Abrams went back home and Stanley went to Matthews. This was about 1:15 o'clock. Stanley and Matthews stayed up all night discussing the robbery and next morning they went to the Yauger home, where they saw the crowd discussing the robbery. Later in the day Abrams and Stanley went to Uniontown, where they were arrested at 2 o'clock.

Witness admitted that the handkerchief found in his cupboard belonged to him. He explained its being knotted and out by saying that he could not get it around his neck where he usually wore it. The snuff stains upon it were from use while he was wearing it around his neck, having frequently wiped his mouth with it. The revolver found in the cupboard he also said belonged to him. He testified that he was never in Yauger's house and never more than 49 or 50 feet near it. Asked directly by the District Attorney if he was guilty of the robbery the witness said "I am positively not in any manner, shape or form."

Under cross examination he held his story together, but the galling part of the testimony came at the conclusion when he was made to admit that he had been indicted twice for felonies and bastards, once for adultery, once for assault with intent to rape and once in connection with Jack Ramsey, of Cooley gang fame.

In conclusion he was also compelled to admit that he had trouble with an old Swede at Youngstown mines, where he was accused of stealing money from his belt, and that the case

Discussed Plans of Safety For the Borough Public Schools.

An informal gathering of the members of the Building Committee of the School Board was held last evening at the Yman hotel, and the plans for the improvements and protection of the schools were discussed. Representatives of S. S. Snader, John B. Skinner and Zepp & Buttermore were also present and desired to be given information relative to the bids for the work. The committee informed them exactly what was required in the improvements.

After discussing the changing of

was fixed up by his returning the money.

A long quarrel upon his law was the subject of much attention and the witness stated that he received it in a fight with his brother.

Witnesses called previous to Abrams were Charles E. Fife, Superintendent of the West Penn; County Detective Alex. McBeth, Constable Andrew Bowle and old Mr. Yauger. The handkerchief was tied over Attorney McKean's face by Mr. Yauger in the manner in which he saw it over the face of the robbers. Special attention was paid to the manner in which it was knotted at the back of the ear.

Court adjourned for the noon recess, at 12:05 o'clock, with Abrams just leaving the stand.

William Matthews testified to Abrams and Stanley's action in hunting about and hearing the shots from Abrams' house. He said he saw a truck near the house. Much of his testimony corroborated the testimony given by Abrams today. Jessie Yauger, a distant relative, testified that she heard some one splitting wood in Abrams' yard. She said this was about 1:30 o'clock. Ralph Yauger, another neighbor testified to what Matthews told of being awakened by the shots. John Golden of Percy testified to seeing both the defendants at Percy the next morning and that Stanley remarked that "some one had been doing some robbing."

County Detective McBeth stated that he met William Lowry upon going to Yauger's next day and he told him of Stanley's and Abrams' peculiar actions and his suspicions. He then gave all the details in connection with the arrest, the finding of the handkerchief and the reasons for suspecting the two men. His testimony was much the same as has already been published.

In conclusion he was also compelled to admit that he had trouble with an old Swede at Youngstown mines, where he was accused of stealing money from his belt, and that the case

IS NOW COMPLETE.

E. R. Floto and E. K. Dick
Elected Directors of Cham-
ber of Commerce.

DIRECTORS HELD MEETING TODAY

Adopt a Resolution Asking the P. & L. E. to Place a Fast Train on Between New Haven and Pittsburg.

The Board of Directors of the Chamber of Commerce met this morning in the First National Bank building. E. R. Floto, cashier of the Young National Bank, and E. K. Dick, treasurer of the Title & Trust Company of Western Pennsylvania were elected Directors, and Mr. Dick was elected Second Vice President of the Chamber. This now completes the organization, there being nine Directors in all.

An important matter taken up this morning was a resolution calling upon the Pittsburg & Lake Erie Railroad Company to place a fast passenger train on between New Haven and Pittsburg, to leave New Haven every day at 12:30 o'clock. The resolution will be sent to the company and a personal effort will be made by members of the Chamber to have the line widened to a single track.

O. H. Winton, Henry Golden and C. F. Critchfield, representing the local Knights of Pythias, called upon the directors and requested that they be given moral assistance in helping to make the convention of the order to be held here next August a success. The committee asked that through the Chamber of Commerce decoration of the streets be used and that a meeting place be provided, as well as an entertainment committee to help along the project. The directors promised to do everything in their power to make the convention in any manner feasible.

The Committee on Parks announced that a delegation would call upon the Borough Council tonight and ask for some financial assistance in laying out the park.

The Advertising Committee reported a meeting at which plans were made to give a publicity to the town. Envelopes will be printed for use by all business houses containing general information of a statistical character and otherwise. A resolution was adopted requesting that the postmaster make an effort to provide boxes along the streets for the mailing of papers and packages.

MORE FOXES.
Charles J. Rittenour Kills Three in Connellville Township.

Charles Rittenour this morning received an order on the County Commissioners from Magistrate W. P. Clark for the scalp of three gray foxes and one weasel. The foxes were trapped in Connellville township and Mr. Rittenour says that they are plentiful there.

This makes six fox scalps that Mr. Rittenour has received bounty on this year.

Black Hand stories were numerous in police and Italian circles last night and one arrest was made. Antonio Pennachini was taken up as a suspicious character, but he could not be connected with any crime and was discharged this morning by Burgess Solson after hearing the testimony of Nick Weaver of York avenue.

More than a month ago Ramond Gilliam received a Black Hand letter demanding \$5,000. Since that time there has been some uneasiness in the Gilliam family, who reside on Fairview avenue. Last night several boys in that neighborhood noticed eight men standing about Gilliam's house in suspicious attitudes. The boys declared

that one of the men was standing with his back to the wall and had a pistol in his hand. The police were notified. They went to Fairview avenue and although they saw a number of Italians they did not arrest them as they could not connect them with any suspicious actions. Later they came to Main and Prospect street and arrested Pennachini, who it was reported, had been loitering in that neighborhood for several evenings this past week.

Mr. Gilliam, who is a contractor, is at present engaged in a contract at Republic, and was not home last night. Since he received the Black Hand letter he has not been going

WILLIAMS IN TRANCE.

Didn't Know He Had Taken
Several Bottles of
Medicine.

NAP WILL COST HIM TEN SPOT

Or Thirty Days as the Guest of Sheriff P. A. Johns According to the Ultimatum of Burgess Solson—A Mystery From Dunbar Drops In.

George Williams, a local negro, must raise up \$10 or go to spend thirty days with Sheriff Peter A. Johns. Williams was drunk and disorderly and resisted arrest when Officer Michael McCadden went after him at the Wyman hotel last evening. William Porter was also searching for him. Mr. Porter walked into the hotel office and laid a package containing several bottles of medicine upon the counter. He engaged in conversation and while he was talking the medicine disappeared. When Officer McCadden found Williams he had the medicine in his pocket. He denied having stolen the drugs and said that he did not know what he was doing.

James Smith of Monongahela City, who has been coming around right frequently was before the Burgess this morning on a charge of being drunk and disorderly. He was a visitor to a nickelodeon and in coming from it bumped persons on the street. He was arrested by Officer Anderson.

Yves Iramie of Guahar, a Serbian, mystified everyone in police court this morning. He looked like an Italian and had been arrested as a suspicious character at 3 o'clock this morning. Peter Rutsek was sent for to interpret and it developed that Iramie got drunk at Dunbar yesterday evening and started for his camp car, but could not find it. He was wandering around on the Pinecroft when taken in. His discharge was ordered this morning.

LONG WALK.

Sleeper at the Police Station Traveled
From Washington Here, Tak-
ing 12 Days.

Among the sleepers who appeared before Burgess A. D. Solson this morning was a rather pleasant faced foreigner, who gave his name as Joseph Waguer of Washington, D. C. He walked into the dock without entering upon one of his feet, and when asked why he did not wear his shoes, exhibited a badly swollen ankle.

Waguer stated that he had walked from Washington, D. C., to Connellville, and that it required 12 days. He was delayed at some points in an effort to secure food. The long walk had caused his ankle to swell and they pinned him greatly. He asked permission to stay at the police station until the swelling could be relieved. Waguer said that he was a waiter in a restaurant, but that he was out of work and making an effort to find it somewhere in America.

COUNCIL MEETING

Will be Held This Evening, Being
First Following the
Organization.

Town Council will meet this evening at 7:30 o'clock for the first session following the organization. The City Fathers will get right started on their work tonight. While this is not bill night there are a number of routine matters to come up.

A committee from the Chamber of Commerce will be on hand and present several propositions to Council.

Father and Two Sons Killed By Dynamite Explosion at Acme.

Special to The Courier.
MT. PLEASANT, March 17.—Blown up by dynamite while blasting out stumps yesterday afternoon, D. H. Brown and two sons, Roy and Clark, were almost instantly killed at their farm at Acme, near here. The bodies were terribly mangled by the force of the explosion.

The three were blowing out stumps in the field near their farm house. Brown, who is postmaster and stove-keeper at Acme, superintending the job. Roy Brown was 17 years old and Clark 15.

None of the men lived long enough after the accident to explain how it happened, but it is thought that they accidentally exploded a box of dynamite. The Coroner at Greensburg was notified and Undertakers Glibb and King of Mt. Pleasant left for Acme to bring the bodies here. Brown leaves a widow and two children.

The force of the explosion was so great that parts of the bodies were thrown in all directions, arms and legs being severed.

CULTURE CLUB ELECTS

Officers for the Ensuing Year
at Meeting Last
Night.

MRS. SCHOONOVER IS PRESIDENT

The annual business meeting of the Women's Culture Club was held last evening in the club rooms of the Carnegie Free Library. The attendance was unusually large and the meeting was a most interesting one. There was no program. The principle business transacted was the election of officers for the ensuing year. Reports were read by the various committees after which the nominating committee composed of Mrs. H. M. Kerr, Mrs. T. H. White, Mrs. G. A. Munson, Mrs. J. B. Marotta and Dr. Katherine Wakfield submitted the candidates for the various offices. Mrs. W. O. Schoonover was re-elected President; Mrs. E. B. Burgess, First Vice President; Mrs. J. A. Lyon, Secretary; Miss Mary Irickman, Recording Secretary; Mrs. J. M. Young, Corresponding Secretary, and Miss Harriet Clark, Treasurer. Mrs. Schoonover and Mrs. J. M. Young were the only two of the old officers who were eligible to reelection. No other members having the right to hold the same office for more than two consecutive terms. The officers are nominated by a nominating committee and elected by ballot.

Owing to the late hour the plans for the ensuing year were not discussed last evening, but each member of the Club was instructed to submit to the club at the regular meeting any subject which she might want to study next year. The club will then vote on the subjects submitted.

On Thursday afternoon and evening and Friday of this week the ladies of the club have secured the Travelling Art Gallery owned and sent out by the General Federation of Women's Clubs. The gallery contains some of the greatest paintings and etchings of American artists and will be exhibited at the Carnegie Free Library. No admission will be charged and a special invitation is extended by the members of the club to all persons desiring to attend. The paintings will be on sale to any persons desiring to buy.

On Friday evening, March 27, Miss Irene McElmerritt, who has charge of the domestic science in the public schools of Allegheny, will give an address at the library on "Domestic Science in Public Schools." No admission will be charged but all children under 15 years of age who are not accompanied by their parents will not be admitted either to the lecture or the art exhibit.

The next meeting will be held Monday evening, March 30. The subject to be discussed is "The French Republic." Business matters of importance will also be discussed, among which will be the revision of the constitution.

MOVING TODAY.

Squire Frank Miller Has Taken Quar-
ters in Title & Trust.

Squire Frank Miller is today moving from the old building at the corner of Pittsburg and Main streets to Room 212, Title & Trust building.

The Squire was compelled to give up his old office owing to the proposed raising of the building for the Second National Bank building.

Pinched the Burgess.
Burgess E. P. Sholtz of Irwin was arrested and taken to the police station by Constable P. J. McLennan last week for violating the speed ordinance in an automobile.

England's Premier Very Ill.
LONDON, March 17.—(Special.)—Premier Sir Henry Campbell Bannerman's condition is critical today. He is extremely weak and his heart condition is alarming.

Rain Tonight.
Rain tonight and Wednesday partly cloudy is the noon weather bulletin.

It is believed by local Italians that a man who was refused work by Gilliam has it "in for him." They are under the impression that the men in the neighborhood last night intended some harm. They claim that Italians do not usually go to that neighborhood and there are no hotels in that neighborhood for several evenings this past week.

Mr. Gilliam, who is a contractor, is at present engaged in a contract at Republic, and was not home last night. Since he received the Black Hand letter he has not been going out at night. He says that he is not afraid, but his wife is greatly worried over it.

THE BOROUGH AUDIT FOR 1908 COMPLETE

Prompt Work Facilitated by
Good Bookkeeping of
the Accounts.

FISCAL YEAR ENDED MARCH 2.

The Resources of the Borough Are
\$44,094—Attention Called to Ac-
counts Due on Street Paving—Bond-
ed Indebtedness is \$104,000.

Bert J. Thomas, J. C. Whitely and W. R. Scott, Borough Auditors, have completed the audit of the borough accounts for the year closing March 2, 1908. It is the most exhaustive audit ever presented by the auditors, who compliment Borough Clerk H. W. Solson for the careful and intelligent manner in which his accounts have been kept. In four years the audit was made from the treasurer's books, but this year the audit has been made jointly from the clerk's and the treasurer's books, and is much more satisfactory. Another new feature of the audit in the report is the adding of the accounts of the treasurer of the Carnegie Library, the first that has ever been made. Mr. Smith is treasurer of the library fund and his books were found to be in excellent shape.

Borough resources are \$44,094.37; liabilities, \$167,094.06, leaving a net indebtedness of \$122,999.69. This compares with the year 1907 as follows: resources, \$35,660.80; liabilities, \$157,133.03 and net indebtedness, \$121,472.23. The resources are increased by reason of the cash on hand and the increase in property valuation. The cash on hand March 2 amounted to \$7,809.26 and in 1907 it amounted to \$1,907.41. The total taxes due the borough at present is \$22,645.50 and in 1907 there was due \$17,208.12. It will be noted that while the liabilities have not been decreased there has been a practical reduction of about \$10,000 in the net indebtedness.

The Auditors desire to call attention to the unpaid taxes of Collector Strawn again this year as they did last. The amount due the Borough for the 1904 certificate is \$1,674.85, upon which a cent has not been paid during the year. At present the Collector Brown's accounts were examined and it was found that they were in good condition.

Each year for upwards of a dozen years Auditors have called attention to the amounts due on paving; and this year asked that the accounts be either collected or settled from the books. The amount due the borough is \$12,849.31. This does not include interest which accrues from the time of completion of the paving.

The bonded indebtedness at present is \$104,000. In 1907 it was \$110,000. Sewer bonds to the amount of \$5,000 and refunding bonds to the amount of \$1,500 have been paid off during the year. At present there are certificates of indebtedness outstanding to the amount of \$52,133.99, exactly the same as in 1907. The Auditors advise the lifting of these certificates if possible by the issuing of bonds. The present rate of interest being paid on them is six per cent, whereas with a bond issue the rate of interest would be lower.

The audit of the accounts of L. F. Ruff, Treasurer of the Carnegie Library, covers a period dating from October 13, 1904, the time at which the first money was received.

Receipts from the School Board during that period to the present time were four payments \$2,000.00; \$1,150; \$3,850 and \$1,926.73, making a total of \$7,941.13. Receipts from the Town Council during the same period covered four payments, \$1,000, \$1,500, \$1,000 and \$1,000, making a total of \$4,500. Received from hall rent, \$40. The total receipts were \$12,481.13.

The expenditures were, salaries, \$6,263.05; repairs, etc., \$347.78; light and water and heat, \$672.18; books, etc., \$7,797.10; printing, \$79.64, a total of \$11,760.81, leaving a balance of \$400.42.

Arranging for Malta Picnic.

Ultimatum Has Been Issued

By the Spunky President of Hayti.

United Press Telegram.

PORT AU PRINCE, Hayti, March 17.—President Alexis, formally notified the French Consulate at Gonaives today that the accused Haytian revolutionists sheltered there must be surrendered to him at once or he will take them by force. If an answer has been received it has not yet been made

public. No one believes the French diplomatic representatives will yield. The boldness of the President's steps fairly paralyzed the foreigners there. No attempt has been made to conceal the Government's intention, but it was generally considered almost impossible that he would go to the extreme of an actual ultimatum.

TUESDAY EVE, MARCH 17, 1908

THE COMING SPRING PRIMARIES

The coming Spring Primaries will be hotly contested. Many nominations are to be made and many candidates are contesting them. It is safe to say, also, that many of the nominees will be the candidates of a minority of their party.

One of the most striking features of the contest, not alone in Fayette county, but also in all the surrounding counties is the multiplicity of ambitions. Another is the apparent absence of political bosses with their states. It looks like a free-for-all race. But the end is not yet. A line up will likely be the result. Party leaders will find it difficult to control that powerful natural tendency to mix up in the field rush and in many instances they will be compelled to take a hand in the game in order to avoid trouble with their friends.

Local Option looks largely up as an issue, but it is probably more apparent than real. The issue may or may not materialize this fall. In the meantime few candidates are outspoken as to it. Local Option people are having their sense of importance tickled just now by those seeking endorsement but by the final endorsement must be by the people as a whole and the great majority of the voters are not saying a word. Their silence however gives consent to nothing.

The congressional campaigns in this section will likewise be lively. Congressman Cooper's sole opposition this fall is the Hon. Charles Freeman Hood of Connelville. In the Westmoreland district of the House, Fayette county demands fulfillment of the pledges made to it several years ago and Colonel Hood will have to fight a determined minority in his own county headed by Colonel Edward J. Robbins in the Washington Beaver Lawrence district. Congressman Acheson is having the fight of his life and the results will no doubt be close. But Acheson has the advantage of long, faithful and efficient service not to mention his success as a politician.

It will be a great primary but the interest will be more general and more widely diffused and there will not in consequence be so much waste of good money as has characterized recent county campaigns particularly those for the judicial office.

THE LARLY BIRDS OF THE PUBLIC SCHOOLS

The school and borough authorities should join forces in an endeavor to put a stop to the nuisance of the small boys loitering in coming to school especially in the afternoons. Pittsburg street north of Fayetteville avenue is an utterly filthy block with the unwholesome children who hang just around the corner away from the eyes of the adults. The children are the last bell that summons them to books in consequence of this practice the comparatively unwholesome streets of this busy street are often blocked almost to impossibility in the crowded centers of children as well as grown persons should be compelled to move on if they are blocking the street.

On the other hand the school authorities should see to it that children who come before the opening of the

doors of the building may especially in inclement weather, find shelter from the elements. It may be said that in this proposition that children should come within the period between the ringing of bells, but all people have not clocks and all clocks do not always keep correct time. Then, too, some children have to come quite a distance in bad and bitter weather there should be proper consideration for the little ones, even though their premature arrival be wholly their own fault.

The early birds should neither be permitted to loiter on the streets adjacent to the school buildings, nor be denied shelter therein against the elements. In either case, the streets are no place for them.

GAS AND COAL DEVELOPMENTS

In the development of our two great natural fuels, coal and gas, vested interests often conflict but when they do the former invariably overrules the latter. For the reason that the gas is always a trespasser and a flowing gas well is always a serious menace to the miners who work in the pit pierced by such well. The law has decided that the rights of private property must yield to considerations of public safety. The rule is founded in justice and humanity.

Nevertheless, the holders of gas rights should not automatically be denied under proper precautions against accident they should be permitted to enjoy their property rights as well as the coal operator. A reasonable right of way should be allowed but it should be subject to the approval of the mine inspector.

PUBLICITY AND PROGRESS

The Advertising Committee of the Chamber of Commerce is one of its important committees. Publicity is essential to municipal progress as well as to business success in almost every line.

Connellsville is one of the most extensively advertised towns in the United States thanks to the voice to which it gave a name. But the purpose of attracting trade to this town advertising must be supplemented by something else. The municipality would must know that out in compatible furnace fuel is not the only advantage we have to offer as a manufacturing site.

The exploitation of our attractions and inducements should be intelligent and systematic and persistent and this work is naturally the duty of the Chamber of Commerce and its proper committees.

Local people of organizing a local business company to connect with the Chamber of Commerce and to help in the advertising must be supplemented by something else. Aaron's Unique Method of Celebrating the Second Anniversary of the New Store and Showing Keen Appreciation of the Liberal Patronage Bestowed Upon Us by the People of Western Pennsylvania.

Aaron's Entire Spring Stock

Of New Furniture, New Carpets, New Rugs, New Curtains, New Household Goods of Every Description, Everything on Every Floor of Our Store AT REDUCED PRICES FOR TWO WEEKS ONLY.

THIS SALE WILL COMMENCE THURSDAY, MARCH 19th.

WE ARE going to do something that we have never done before, start the Spring season with reduced prices on every article of merchandise in every department of our big store, even on the brand new goods that our buyer has just bought in both the Eastern and Western Markets.

THE PEOPLE at large have less money to spend than a year ago, but they stand just as much in need of new furnitures for their homes. This applies not only to newly married folks who wish to set up a little place of their own, but to older house keepers who have to re-furnish.

WE THINK it is "up to us" to help all we can at such times, so while our profits have always been modest, we will make them even more so during this unique sale, and, mark you, this sale applies to brand new goods and a stock that could not possibly be more complete or high class.

WE HOPE to endear this house to the hearts of the people more than ever, by coming to the front with this sort of an offer when the people, need it most!

To Cap the Climax, we herewith notify you, one and all, that your credit is one hundred per cent. good here, just as though you paid the regular prices instead of the reduced. We do not think it necessary to "urge" anyone to take advantage of this entirely new proposition. The following speak for themselves:

Finances Abbot who plays the role in the playlets. The Little Lead role is a wonder. Her singing, comedy and pathos are almost like a tale to a child so young. She is but only years old. In some of her scenes last evening, women in the front of the theatre were crying and laughing with her as Fannie Abbott and Mit Andrew both did a performance. Little Fannie Abbott has been on the stage for three years travelling two seasons in vaudeville. She has a great future before her and now she is happy and content. Fannie Abbott was fortunate to get her start in her opening attraction of advance vandeville.

BELL COMPANY WIN.

Permanent Injunction Granted Against McKitticks at Uniontown.

A LOWER TYRONE TWP. CASE.

Andrew Eberharder Seeks to Prevent William Haas From Mining Coal Under Surface Land He Owns and Over Which There Is Dispute.

UNIONTOWN, March 17.—In the case of the Central District & Printing Telegraph Company against Luke McKitticks and his wife Isabel McKitticks, Judge McKitticks has been certified from the Common Pleas Court, handed down his decree and order yesterday granting the permanent injunction.

Under the provisions of this injunction the McKitticks are enjoined from interfering with the workmen for the Bell Telephone Company in repairing the telephone lines running through the McKitticks property along the Connellsville road.

Before Judge J. Q. Van Swearingen yesterday morning in chambers the application of Andrew Eberharder of Lower Tyrone township for an injunction against William Haas of Upper Tyrone township was presented by Attorney H. A. Cotton and a preliminary order was granted. The action is brought to restrain Haas from mining about 1,000 worth of coal from land under Eberharder's land in Upper Tyrone township.

It is noted that a number of years ago the surface lands in question were conveyed to Eberharder by David Newcomer, subject to an agreement made with Col. J. M. Schoonmaker for the mining and mineral rights. It is said that this agreement was for the sale of the coal but that at any time the mining of the coal should cease that the mine rights should revert to the owner of the surface land.

Operations were conducted from a neighboring farm by the H. C. Frick Coke Company, but it is claimed that operations ceased about 15 years ago that the workings were closed the mine drawn and the land allowed to fall. About a month ago it is claimed Haas began operating under the old Schoonmaker light and is now approaching the line of Eberharder's property. There is about 1,000 worth of good outdoor coal still available and Eberharder believes that Haas should be restrained from mining this coal.

A rule was granted yesterday by the court on the three Road Supervisors of North Union township upon the petition of about 21 men directing them to show cause why Scott Smith should not be removed as Road Master, to which position he was named for the year 1908. The claim is made that Smith is not competent to handle the position and the court is asked to declare the office vacant. The rule is made returnable April 6.

HURRYING STEEL WORKS.

Carnegie Company Pushing Huge New Plant at Youngstown.

The Carnegie Steel Company has pushed with much vigor the construction work on the new open hearth steel works in Youngstown, which cost more than \$1,000,000. It is being hurried in this great plant.

The new work consists of 12 open hearth furnaces of 1,000 capacity of 10 tons per hour and with every modern device for economical handling. The cost to build this plant and the handling machinery are of immense size. The price of materials and construction men have been pushed hard to hasten the new plant and it is hoped to have it in operation by fall.

Reports from the small independent steel plants are that work has increased rapidly. The Allegheny Steel Company's production has increased and it is expected that the mills will be run in full with short turns and giving all employees steady work.
